Final Instructions

The Classic Lanes Rally will again this year run in memory of Gill Wood who in 2016 lost her bravely fought battle with cancer, just weeks after her 50th birthday.

Gill "Pen Yr Herber" became involved in Motorsport in the Mid 80s, navigating on both Road and Stage events. Her enthusiastic approach and infectious smile saw her win many awards and friends and it was not long before Gill became involved in the organisation of events, as either Secretary or Entry Secretary on the Breidden Rally and other events the club organised, Gill was also a committee member during this time and took on the role of club treasurer . It was also around this time that the club was going from strength to strength and in 1987 the club won the Best WAMC road rally and the Club Championship for the first time.

Gill continued to support the club through the 90s when her career, marriage to Paul and family began to take priority. Rallying though is in the blood and as her children Robi and Katie Elen grew older Gill passed on her passion for the sport. The revival of the Breidden rally in 2004 saw Gill once again take on the role of Entries Sec. /Sec. of the Meeting this time combining the role raising money for Cancer charities.

Gill was a major part of the organisation of the Classic Lanes 2016 working in the role of Sec. of the Meeting right up until her untimely passing. She was an inspiration and role model to everyone she met and most of all she was our hero.

You will be forever in our hearts Mum,
Robi and Katie Elen

FINAL INSTRUCTIONS

Thank you for entering the Classic Lanes Road Rally sponsored by Philip Paul Car Centre and Callum Hughes Machinery. We look forward to welcoming you to Welshpool on Saturday 14th June.

Your rally number is as per the Provisional Seeded Entry List which can be found at www.welshbordercarclub.com or Rallies.info and via the WBC Facebook page. Please note all seeding is provisional up until noise. Please check your car number at noise.

Please see the MCO times which will be displayed on the noticeboard at signing on.

Please see the map below for the location of Noise, Scrutineering and Signing On.

The event will be based at 'Welshpool Livestock Sales', Welshpool (SY21 8SR)

Noise Test and Scrutineering will take place between 16:30 hrs and 19:30 hrs at the Livestock Market. As the event is starting early to complete a special test you are advised to complete Noise and Scrutineering as early as possible.

Any competitor not signed on by 20:00 hrs may be excluded and their place offered to a reserve crew.

Event Schedule

Noise Test and Scrutineering	16:30 – 19:30
Signing On	17:00 – 20:00
Drivers Briefing	20:45
MCO	21:25

Please note, you may not be familiar on commencing events as early as noted above, therefore ensure you arrive at the start venue in plenty of time 😊

Itinerary

From MCO start venue, competitors will proceed to Special Test venue "Caebardd" for special test 1, then plot their route, complete some mileage in the lanes, return to Caebardd for the second run of the special test and then head back out to the lanes for the rest of the rally.

Please be aware that the stipulation **no marshal no start** will be strictly enforced. All competitors must sign on a marshal. This is regardless of whether all the controls may have been filled. Marshals must wear reflective clothing, which should be supplied by either the marshal themselves or by their competitor.

Please remind your marshals not to litter!

Novice Training in the Livestock Market Foyer at 20:00

(If you have any questions at all please do not hesitate to come and ask)

Drivers Briefing @ 20:45

Damage

All competitors are reminded that it is their duty to report any damage caused to third party property, no matter how insignificant they feel it might be. This can be detailed on the Damage Declaration form and handed in at MC3. All competitors are required to visit damage control and hand in their damage declaration at MC3 in order to be classified as a finisher.

Controls

We are increasingly concerned at the driving behaviour of some competitors at manned controls. Arriving at a control at high speed with locked brakes can put the marshal at great risk. If the competing car also has headlight main beam and spot lights illuminated, this increases the risk as it impairs the vision of the marshal.

We feel that we need to take action to ensure the safety of marshals.

Driving Standards Observers will be present at some controls to ensure that the following procedures are adhered to.

1. Competitors must dip lights and extinguish spots at the 50m Board.
2. Reduce speed so that you can stop at the marshal's location without locking your wheels.
3. Leave the marshal's location only when the marshal is clear of the car.

Amendments to SR's
