

IN MEMORY OF GILL WOOD

CLASSIC LANES

ROAD RALLY

14th / 15th JUNE 2025

SUPPLEMENTARY REGULATIONS

The Classic Lanes Rally will again this year run in memory of Gill Wood who in 2016 lost her bravely fought battle with cancer, just weeks after her 50th birthday.

Gill "Pen Yr Herber" became involved in Motorsport in the Mid 80s, navigating on both Road and Stage events. Her enthusiastic approach and infectious smile saw her win many awards and friends and it was not long before Gill became involved in the organisation of events, as either Secretary or Entry Secretary on the Breidden Rally and other events the club organised, Gill was also a committee member during this time and took on the role of club treasurer. It was also around this time that the club was going from strength to strength and in 1987 the club won the Best WAMC road rally and the Club Championship for the first time.

Gill continued to support the club through the 90s when her career, marriage to Paul and family began to take priority. Rallying though is in the blood and as her children Robi and Katie Elen grew older Gill passed on her passion for the sport. The revival of the Breidden rally in 2004 saw Gill once again take on the role of Entries Sec. /Sec. of the Meeting this time combining the role raising money for Cancer charities.

Gill was a major part of the organisation of the Classic Lanes 2016 working in the role of Sec. of the Meeting right up until her untimely passing. She was an inspiration and role model to everyone she met and most of all she was our hero.

You will be forever in our hearts Mum,

Robi and
Katie Elen

Foreword

Welcome to the 2025 "Classic Lanes" Road Rally, which promises this year, to offer approximately 100 miles of classic Road Rally action on the Mid Wales lanes of map 125, 126 and 136.

We are pleased to announce that 'Callum Hughes Machinery, Philip Paul Car Centre and Pete Hughes' will this year support the event. We are honoured once again to support 'Montgomeryshire Lingen Davies' and we hope to raise a considerable sum of money to donate to this worthwhile, local cause.

The event will be based (Start and Finish Venue), at 'Welshpool Livestock Market', Welshpool and will be a round of both the ANWCC and WBCC championships.

Marshals are again needed in large quantities this year; therefore, it is a condition of entry that competing crews supply a marshal. Crews are reminded that if they do not supply a Marshal then they will not be permitted to start the event.

We hope you enjoy the event and look forward to welcoming you to Welshpool on the 14/15 June.

The event will consist of three types of section:

The event will use the scheduled timing method. Timing will be to BST (BBC Time) and by marshals' digital clocks. All crews are advised to carry an accurate digital watch with them.

NEUTRAL SECTIONS

These are deemed QUIET sections and are used to take the rally through PR sensitive or densely populated areas, and will not be timed to an accuracy of less than one minute. PLEASE RESPECT THEM. They are timed at a low average speed and competitors must complete the section in as high a gear as possible and without use of auxiliary lights (except as permitted by law when driving in fog or falling snow). Competitors MUST NOT make up time in these sections, and no penalty will be incurred for lateness other than for exceeding maximum lateness. Any lateness incurred in these sections will be cumulative towards Maximum Lateness. NCR Chapter 13, Appendix 5, Article 10.16 (3/4 rule) may NOT be applied on Neutral Sections Timing at time controls will be when the Time Control card or Passage Control card is presented to the marshal and NOT the time of entering the control area, as per NCR Chapter 13, Appendix 5, Article 10.9.

STANDARD SECTIONS

This is a section where a time penalty will be applied for being early or late. Some Standard Sections will be timed to an accuracy of less than one minute as per NCR Chapter 13, Appendix 5, Article 10.19 Timing at the controls will be when the time card is presented to the marshal and NOT the time of entering a control area as per NCR Chapter 13, Appendix 5, Article 10.9. NCR Chapter 13, Appendix 5, Article 10.16 (3/4 rule) may be applied if applicable. Some sections will be timed to an average speed of less than 30 mph, in order to take competitors through PR sensitive and quiet areas only. Competitors will be advised of this in their Rally Pack, when they have signed on. Competitors will be instructed to reduce lateness on route. A competitor who wishes to may miss a control or controls. He will be penalised in accordance with NCR Chapter 13, Appendix 7, Article 1 for every control missed. If he re-joins the route at a control at the end of a competitive section he will be permitted to restart without further penalty at any time between his original scheduled time and his maximum permitted lateness, this maximum permitted lateness time still being in relation to his original scheduled time. If the re-joining control is at the end of a neutral section, he will only Page 17 of 25 be permitted to restart without further penalty at his official corrected time taken at the last control at which he reported within maximum lateness. Competitors late at one control may be the equivalent amount late at succeeding controls without further penalty provided maximum lateness is not exceeded. Where a control at the end of a section timed to the second also forms the start of a section timed to the minute, the departure will be taken as the time of arrival but to the preceding whole minute (i.e. the seconds will be ignored) this will be in accordance with NCR Chapter 13, Appendix 5, Article 10.14.

16. Controls

The following types of Control will be used on this event:-

Main Time Control (MC-)

Special Test Start (STS -)

Special Test Finish (STF -)

Standard Section start (SS-)

Standard Section finish (SF-)

Standard Section Time Control (STC-)

Passage Control (PC-)

Route Check (RC-)

The organisers reserve the right to cancel sections if deemed fair to do so, force majeure etc, notwithstanding. Time controls at which, in the organiser's opinion, have shown inaccurate times shall be considered as Passage Controls.

17.1 Procedure at Time Controls

ALL Time Controls will have the time recorded on production of the Time Card to the marshal (**i.e. NO STOPPING AT CONTROL BOARDS**)

Note: where a Control at the end of a section timed to the second also forms the start of a section timed to the minute, then the seconds will be disregarded in calculating the due time of arrival at the following control.

17.2 Procedure at Passage Controls /Via Controls / Route Checks (Code Boards).

At manned Passage or Via controls, the marshal will enter their signature, as proof of correct approach, on the competitors Passage Card. (**Note: Do NOT stop at the Control boards at these controls**)

Should the control be un-manned it will be reclassified as a Route Check and a Code Board may be positioned at that location. Competitors must note all information on these boards correctly on their Passage Card before proceeding. Competitors must then get this information countersigned at the next manned control, whether this is a Time or Passage control (NOT A DSO).

All Controls (except for "Not as Map, N.A.M." controls, which will be described on diagrams supplied) will be indicated by a Control Board placed approximately 50 metres before the control position, in the correct direction of approach.

Should any entry on a Time Card not be legible, or not appear to be authentic, it may be considered to not have been made. Organisers may refer to marshal's check sheets in case of any doubt. Any alterations made to the Time or Passage Cards will only be accepted if countersigned by the marshal at the time of the amendment. It is the competitor's responsibility to ensure that his/her Cards are correctly marked.

It is not the duty of any marshal to interpret these regulations, or any other written instructions given to competitors, nor explain the meaning of such.

Controls will open 15 minutes before the Due Time of car 0, and will close 25 minutes and 59 seconds after Due Time of the last car.

17. Timing

The event will use schedule timing. Marshal's clocks will be set to BBC / Telecom time. All crews are advised to carry their own accurate watch.

Maximum Permitted Lateness for competitors will be as follows: All classes: 25 minutes and 59 seconds.

18. Results

Provisional results will be published as soon as possible following the end of the event. Protests must be made in accordance with MSUK regulations.

19. Damage

All competitors will be required to complete a damage declaration form that should be handed in at the finish, or in the case of retirement, forwarded to the secretary of the meeting within 72 hours.

Failure to do so will result in the competitor being reported to the RAC MSA.

Competitors are reminded that submission of a damage declaration does not in itself negate their responsibilities within the law if they have been involved in a Road Traffic Accident as defined by Law.

20. Child Protection Officer

Welsh Border Car Club has, in line with MSUK requirements, appointed a Child Protection officer, Carrie Williams.

PLEASE NOTE: 'If I am the Parent or Guardian of the driver 'I understand that I shall have the right to be present during any procedure being carried out under the Supplementary Regulations issued for this event and the General Regulations of Motorsport UK.' As the Parent/Guardian 'I confirm that I have acquainted myself and the minor with Motorsport UK General Regulations, agree to pay any appropriate charges and fees pursuant to those Regulations (to include any appendices thereto) and hereby agree to be bound by those Regulations and submit myself without reserve to the consequences resulting from those Regulations (and any subsequent alteration thereof).
